EQUESTRIAN INSPIRED ELOPEMENTS

For lovers drawn to freedom, adventure, and something a little untamed.

Our horse elopement experiences blend boho luxury with aw natural landscapes — creating a wedding day that feels cinematic, intimate, and deeply personal.

Our packages have been created for couples who never imagined a traditional wedding.

Just the two of you, surrounded by open skies, beautiful horses, and the kind of moments you'll still talk about years from now.

There are not enough words to describe this elopement concept – it can only be felt.

ELOPEMENT LOCATION

Brigadoon is a semi-rural suburb of Perth, Western Australia. It is in the City of Swan local government area. It sits on the edge of the Darling Scarp adjacent to the entrance to the Avon Valley, through which the Avon River flows.

Known for its expansive landscapes, golden light, rustic charm, and open skies, Brigadoon has a rare natural beauty — making it the perfect setting for elopements with horses.

We chose this location as it lends itself to quieter moments away from the crowds, it's a place where couples can truly slow down, connect, and celebrate their love in a way that feels very personal.

Our horses and horse handlers are frequent visitors to the area which ensures our secondary VIPs are happy and safe during your special moments.

MEET YOUR ELOPEMENT TEAM

ELISE DE HAAS - ELISE DE HASS PHOTOGRAPHY

Elise is a Perth mother and photographer, with 17 years of experience photographing people, weddings, events and animals.

Elise's career began in regional NSW, which is where she was born. She relocated to Perth in 2013, and shortly after met her (now) husband. She has two beautiful boys and enjoys taking them camping in the bush amongst animals any chance she gets.

Growing up on a large property along the Macquarie River, her childhood consisted of running amuck through big open paddocks, riding the neighbours' horses, and hand rearing sheep and cows. She loves people as much as she loves animals which is why it seemed only natural to include these beautiful animals in our intimate elopement packages.

TASH MAY - ELITE ELOPEMENTS

Elite Elopements is the passion project of Tash — an Australian wedding industry enthusiast with an unwavering dedication to creating elopement experiences that are unique in every sense of the word.

We believe your wedding day should be a true reflection of who you are — not a template, not a trend, but something entirely and unapologetically yours. From the very first conversation, we immerse ourselves in your story, your vision, and the details are chosen by you - for you. We pride ourselves in building a bespoke experience from the ground up that no one else will ever replicate.

Our mission is simple: a seamless wedding experience that is completely you!

Wherever your heart leads, Elite Elopements will be there every step of the way.

EMILY - THE HORSE WHISPER & OWNER

Emily (the horse whisperer/owner) and Elise met 2 years ago and has since hired her beautiful horses numerous times to create magical forever memories with beautiful families. Emily owns 3 horses that she trains, rides and dotes on everyday. Emily loves horse so much that she now works full time at a horse ranch caring and training them, as well as caring for her own horses.
