ABOUT CORSAIRE AVIATION

Corsaire Aviation was founded in 2015 by Luke Wyllie. His passion for aviation was passed down through his step-father who was a keen aviator and a collector of war-birds. Luke commenced his aviation career as a freelance jet pilot, and now holds a commercial license in both fixed-wing and helicopter operations.

Born and raised in Perth, Western Australia, Luke had a vision of creating tourism opportunities for WA, as well as offering a safe, reliable service for the resource industry, which Western Australia is so heavily dependent on.

Corsaire Aviation delivers luxury, professionalism, and the kind of personalised service that turns an elopement into an unparalleled experience.

MILLBROOK WINERY

Millbrook is a boutique winery and highly acclaimed restaurant in the historic town of Jarrahdale in the Perth Hills wine region of Western Australia.

The winery is located on a picturesque Chestnut Farm, nestled among jarrah forests with stunning vistas of the rolling landscape perfect for elopement photos.

Peter and Lee Fogarty purchased the Millbrook property in the 1990s, planting the first vines in 1996 with the help of their three children, John, Mark and Anna. The winery and restaurant were completed in 2001 and along with producing award-winning wines, Millbrook is now considered one of the top restaurants in Western Australia.

Elite Elopements partnership with Millbrook Winery allows couples exclusive access to a heritage setting to create a truly unique elopement experience.
